INTERNAL WALL PANELS

Wall and shower panels are proving to be a huge hit with a range of end-users; homeowners, developers, social housing providers and commercial property owners. They are perfect for retro-fitting projects (they can even be fitted over existing tiles) but also provide a quick and clean installation on newly built walls.

- ✓ Quick and easy-to-fit
- ✓ Easy-to-clean
- ✓ Matching trims
- ✓ Huge range of designs in stock
- ✓ Gloss, matt and satin finishes

Panels are also available for kitchens and ceilings and we stock a range of matching trims and high quality adhesives and sealants.

ROOFING

Our range of roofing systems includes options for many roof configurations and your customers requirements. We stock Flex-R ClassicBond one-piece EPDM rubber roofing system - the best on the market - plus all the accessories needed to lay and fit to your roof.

- ✓ Quick and easy to install
- ✓ No specialist tools required
- ✓ No joins which prevents leaks
- ✓ Fire safety tested to UK standard TS 1187 Test 4 in accordance with BS-EN 13501-5

Glass re-inforced plastic (GRP) roofing is also a great option for flat roofs. We stock ResTec's GRP Roof 1010 and Flexitech 2020 with matching trims.

Res-Tec GRP Roofing

Our GRP ranges provide long-lasting waterproof protection and are the perfect solution for flat roof and repair projects. No joints, no welds, no weak points.

Roof kit contains: GRP roof 101 base resin 14kg, top coat 7kg, liquid catalyst 1kg, mixing buckets x2, taping mat 18m, finishing tissue, 150mm wide and GRP roof 1010 application manual. Pack 2 contents: 450g/m² chopped strand fibreglass matt 11m² roll.

Polycarbonate Sheeting

CLEAR

BRONZE

OPAL

For projects requiring a glass-like finish, polycarbonate sheeting is perfect and a great option for carports, greenhouses, garages and lean-to's.

Flex-R ClassicBond

Flex-R
Waterproof Solutions

ClassicBond
EPDM roofing membrane

We are proud to be a stockist of Flex-R ClassicBond® EPDM flat roofing system. This roofing membrane is economical and does not require any special tools or installation equipment and under normal service conditions, the system will provide a durable waterproof covering with a service life of at least 35 years.

The ClassicBond® EPDM membrane can be used on new single-ply roofs and re-roofing applications and, unlike some flat roof membranes on the market, it achieves Broof T4 fire ratings.

- ✓ Professional grade EPDM membrane
- ✓ Available in 1.2mm & premium 1.5mm thickness
- ✓ Widths up to 15m
- ✓ Lengths up to 30.5m for faster installations and less seaming
- ✓ Full adhered application allows for installation on roof slopes up to 10°
- ✓ BBA certified, CE marked and hold BROOF(t4) fire ratings.

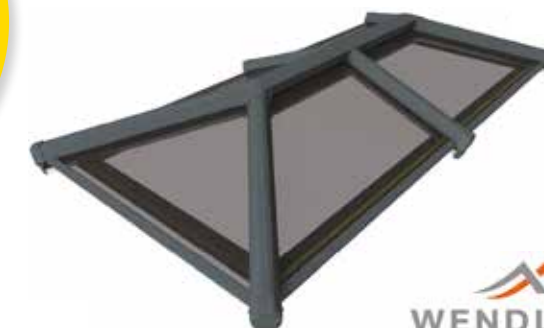

Interested in Classic Bond training?
Contact your local branch for details of the next training day!

Roof Lanterns

WINDOWS

As well as doors we also offer a wide range of stylish and practical windows. Whether you are looking to match with existing windows or doors, or refreshing the whole set - speak to our friendly branch teams who will be able to assist you today.

CASEMENT WINDOWS

Our casement windows are extremely versatile. The myriad options available in terms of glass, handles, and finish, mean you can create a window that is truly unique.

FLUSH CASEMENT

Flush casement windows offer the benefits of a casement window but with a sleek, minimalist design thanks to the casement sitting flush against the frame.

TILT AND TURN

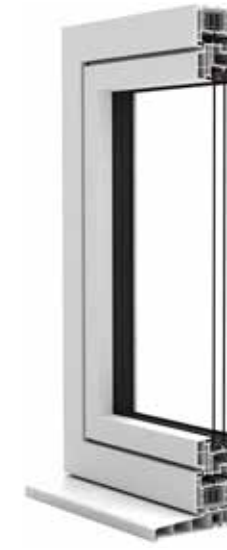

Tilt and turn windows are as practical as they are stylish. You can choose to tilt them to ventilate a room without compromising on security, or you can turn them to open them fully.

VERTICAL SLIDE WINDOWS

Our beautiful vertical slide windows are the ideal modern alternative to traditional timber sash windows. Not only are they perfect for old or listed buildings, but the design can also fit nicely new homes.
